The Review is deserving of a liberal subscription patronage in Arizona and especially Yavapai county.

TO BUY SHIP
OF PYTHIAN
RITUAL

INDIANAPOLIS, Ind., Dec. 1.—The national headquarters of the Knights of Pythias in this city has been advised of a plan on the part of the lodges of the order in upper Michigan to buy the old schoolhouse at Eagle Harbor, Mich., where Major J. H. Rathbone in 1864 wrote the ritual for the order. The proposal is to form a park of the school grounds, erect a monument to the founder of the order, and make the place a shrine for the Pythians of the world.

Rathbone, soon after arriving at Eagle harbor forty years ago, to assume charge of the school, organized a winter literary and dramatic society. Among the plays studied was "Damon and Pythias." The schoolmaster saw the great possibilities of the story for the fundamental principles of a secret society, and during that winter he wrote the ritual of the order. The Pythian order was not launched until some years afterward, in Washington, D. C., but the ritual as written at Eagle Harbor is still in use by the society, which now numbers 600,000 members.

MERIWETHER CASE
IS CONCLUDED

ANNAPOLIS, Dec. 1.—The court martial in the case of Midshipman Meriwether, Jr., who was tried on the charge of manslaughter in causing the death of Midshipman Branch, completed its work late this afternoon, and adjourned. No information was given out to the findings of the court. The proceedings and record will be forwarded to the navy department for review, and the verdict will be announced there.

NEW YORK, Dec. 1.—Joseph Jenkins Lee, who was one of President Roosevelt's Rough Riders, and who recently received an appointment as United States minister to Ecuador, sailed today for Panama en route to his new post. From Panama Mr. Lee will go by another steamer to Guayaquil and thence proceed on muleback to the interior, climbing the Andes to reach Quito, the capital of the republic.

RECOUNT BEGINS IN
HEARST ELECTION
CONTEST

Ballot Boxes Opened And Contestant Gains 17 Votes In Three Districts

NEW YORK, Dec. 1.—A recount of the ballots of five ballot boxes used in New York's contested mayoralty election was ordered begun today by Justice Amend of the supreme court. Amend modified his original order so as to limit the canvassing to the candidate for mayor, comptroller and president of the board of aldermen, and also to eliminate from the recount void and protested ballots.

Counsel for Hearst, McClellan and assistant corporation counsel Butts, engaged in a heated argument before the boxes were opened. Alton B. Parker, for McClellan, and Butts contended the court had no right to make a re-canvass of the votes or to reconsider the result, but could compel the election commissioners to correctly state the result they reached on election night.

"You mean, then, said Austin G. Fox for Hearst, 'that you do not want the true vote ascertained, and that if a vote for Hearst had been counted for McClellan you don't want it known?'"

"I mean," retorted Butts, "that I want the true vote ascertained accord-

ing to law." "And how may that be done?" inquired Fox.

"By quo warranto proceedings," was the reply.

"And such proceedings can only be undertaken after January 1," commented Fox. "I see."

Parker declared they had no right to throw out any ballot which had been counted by the election commissioners.

Amend ruled that he was estopped from questioning the validity of the ballots, and they must be counted as cast. The first ballot was then opened by the inspectors in the courtroom, and the recount begun, with representatives of newspapers occupying seats intended for jurymen.

The opening of four ballot boxes and the recounting of the ballots was finished tonight by Justice Amend. The net result was a gain of 17 votes in four districts, for Hearst, all these being gains in three districts. One district was found correct, as far as accredited votes was concerned. The opening of the fifth ballot box was postponed for several days by consent of counsel.

CZAR PREPARES
TO LEAVE
RUSSIA

LONDON, Dec. 1.—A writer in the latest issue of Reynolds' Newspaper states that he has been informed from a high source that the Czar has lately, through trusted agents, been investing heavily in British securities, in which now by far the greater part of his vast private fortune is locked up. This is done, of course, in preparation for the day when his throne may finally totter under him, when he will at once make good his escape, and come straight to London, though it is believed he would not intend to settle here definitely. The writer says he has learned also that for some years past very careful plans have been prepared for the rapid flight of the whole of the Russian royal family should ever the revolutionists obtain the upper hand. The matter is said to be in the hands of a small number of the Czar's most trusted bodyguard, and preparations have been made down to the minutest detail. It is estimated that the royal family could be out of the country and well on their way to England within six hours if necessity arose.

RIOTING IN THE
KINGDOM OF
KOREA

SEOUL, Nov. 30, 5 p. m. (delayed).—Gendarmes were forced to fire on a mob this afternoon. One Japanese officer and a policeman were seriously wounded. In endeavoring to stop an incendiary speech, the police and gendarmes were set upon by a mob, chased and forced to take refuge in shops. They rallied and fired over the heads of the mob. Upon being reinforced they succeeded in arresting a hundred of the mob.

Officials are still gathered at the bureau of decorations, which is surrounded by police, who are patrolling the streets with fixed bayonets. The large crowd is temporarily scattered but is reassembling in groups. There are rumors of suicide of Korean officials, and there is impending trouble.

SHIP AND CREW
SUNK BY
STORM

CHICAGO, Dec. 1.—The steel steamer Ira H. Owen, with a crew of 19, is believed to have gone down in the recent storm on Lake Superior. The Owen was last sighted on Tuesday by the steamer H. B. Nye, while off Apostle group. The Owen was showing distress signals, and seemed in a bad way. The Nye was almost helpless in the terrible storm, and was unable to go to the assistance of the Owen, which was soon lost sight of in the blinding snowstorm.

Today Captain Chamberlain of the steamer Sir William Seams, reported at Ashland, Wisconsin, that yesterday when twelve miles east of Michigan island, he ran into a mass of wreckage, consisting of chains, stanchions, top cabin and other debris. Floating amid the wreckage were a number of life preservers, marked "Steamer Ira H. Owen." The owners of the vessel in Chicago have given up hope of the vessel ever reaching port.

Captain Mulligan commanded the Owen. Thomas Bonner was first mate; M. Haggerty second; other officers were: H. Buchanan and J. B. Alger. The Owen had a cargo of 116,000 bushels of barley, and was insured for \$100,000, her cargo also being insured.

SERIOUS RIOTING
IN DEMARARA

GEORGETOWN, Demarara, Dec. 1.—The strike of wharf laborers in progress here assumed a very serious aspect this morning, when the police were compelled to fire on a rioting mob. It is reported that five rioters were killed. Later in the day the rioters attacked the Governor's house.

The governor and other officers are now besieged in public buildings. The arrival of warships is anxiously awaited. Business is suspended. The strike began Tuesday in a demand for higher wages.

British Cruisers Sail. ST. THOMAS, Dec. 1.—The British cruisers Sappho and Diamond have gone to Demarara.

A SHAKE-UP IN
POSTOFFICE
CIRCLES

WASHINGTON, D. C., Dec. 1.—An order put into operation by Postmaster-General Cortelyou today results in a complete reorganization of the entire postal department, and the redistribution of the duties of the four assistant postmasters-general. The chief aim is to consolidate the work of the department by grouping under one bureau all related subjects. The result is to place under the postmaster-general's personal supervision the direction of the postal service; under the first assistant, the post office personnel and management; under the second assistant, all matters relating to the transportation of the mails; under the third assistant all matters of postal finance, and under the fourth assistant, the rural free delivery and miscellaneous postal business. The order also involves a change in the names of several divisions so as to secure uniformity and simplicity of designation.

LORD ROBERTS
LEAVES THE
ARMY

LONDON, Dec. 1.—It is semi-officially announced that Field Marshal Lord Roberts has resigned from the committee for imperial defense, in order to take up the organization throughout the country of work connected with his proposals for universal military training. The resignation of Roberts is understood to a great extent to be due to the difference of opinion between himself and other members of the committee on the military policy; especially to the fact that Premier Balfour rejected his advice regarding the strength of the forces required for the defense of India. Roberts by resigning has relinquished his salary of \$25,000 yearly.

The Ladies' Aid society of the Baptist church will hold a sale of fancy and useful articles ad potted plants, December the 15th.

PIPE FOR SEWER
EXTENSION IS
HEREPoles For Transmission
Line Have Also
ArrivedSupt. Glass To Put On
A Large Force Of
Workmen

(From Saturday's Daily.) "We have received two carloads of sewer pipe for the extensions of the sewer system ordered at the last regular meeting of the city council," said City Engineer C. C. Glass to a Journal-Miner man yesterday afternoon.

"As soon as the weather moderates some we will start a force of men at this work, and will rush it through as fast as possible," he continued.

He further stated that the poles for the transmission line to Willow creek station on the pipe line had arrived, that part of the wire was also here, and the balance of the material ordered for the line was expected to arrive in a few days.

It was also learned from Mr. Glass in the course of his conversation that he expected to have the extension of the sewer system and the transmission line completed some time this month, as he intended to at once put all the men at work on these improvements that could use to advantage.

He also stated that the new Babcock & Wilcox water tube boiler for the Del Rio water station had been shipped from New York on the 30th of last month, and was expected here at an early date. A new boiler of this make is being installed at the electric light plant in this city, which will be ready to fire up in about ten days. Mr. Glass considers that the Babcock and Wilcox water tube boiler is the best and most economical in the market today.

TAKES NEW POSITION.

Frank Burnell, who worked two years and one month for the mercantile firm of R. H. Burnister & Sons Co., without losing a day, has accepted a position with the Arizona Brewing Co. Frank is a member of the Prescott baseball team, and is as popular with the lovers of the national game as he is with the firms that he works for, as well as their customers.
